Help, Men, Help.

It is said that all histor failes to recall a prayerless Nation of people and it might be added with assurance that no one individual, who reaches years of maturity, leads a prayerless life. At some time and under some conditions the cry for help will be breath d in silence or given out in piteous appeal. So long as health and strength last, and all goes well there may be entire absence of fear or want of any kind, but let the blow fall, the hurt comes and then it attends a feeling for or a looking to some higher point, some source of help.

The young man, who but recently was suddenly shot down in the County of Nelson, cried out with his last breath, "Help, men, help." Strange cry for a dying hour, but it was nevertheless a cry for help a prayer for relief, a soul in agony calling for assistance; a demonstration that at some time, somewhere a prayer will fall from the lips and come from the heart. "Prayer is the Christian's vital health," and should be that of all the sons and daughters of Earth. Then it's a source of infinite help and no "broken and contrite spirit" ever calls in vain.

Gov. Swanson was Sarcastic.

Governor and Mrs. Swanson were forced to ride from the Exposition grounds, the day of the opening, in a dirt cart, "drawn by two lopped-eared mules," and in commenting on it said: "If I had been an official of the Exposition I would have been furnished with a carriage, but as I am only the Governor of Virginia this is the best we could do."

Upon what meat have those officials been feeding that they have grown greater than the Governor?

The Baltimore Sun gives good reasons why the next Democratic National Convention should be held in the city of its publication, but we hope that our worthy contemporary will determine in advance not to kick out of traces again after the Convention has met and done its work. Talking Democracy and not doing Democracy is idle waste of time.

Mr. Roosevelt enjoyed the Exposition, the quiet tall up Jame River, his visit to the historic homestead will come back to take part in the celebration of "Georg'a Day," and yet no Southern representative in his Cabinet. All wrong, Mr. President, all wrong.

Mr. Eddison has invented, or stumbled on, a building material which will enable most people to live in their own houses. Six hundred dollars will pay for a comfortable house of eight rooms with all conveniences, and then electricity will light and warm it.

"Electric cooking" has been the fad in Roanoke in the recent past, and everybody has been charmed with results. So good bye, Mr. Coal and Wood man. The best of friends must part. May the gods deal kindly with you.

Those people who were able to buy mileage books have all the time traveled for about 2 cts. a mile and there never was any reason why he should enjoy any advantage over their brother who could only buy one trip at a time.

Buena Vista has just voted to remain "dry." No use resisting the current, though we call it "dry" it is runing the country over. Dispensaries will go too.

The women who met in the Peace Conference recently determined that they would cease to bear sons if they are raised to fight. But suppose the daughters take up the fight? They sometimes get mad enough to go at it.

Who says Tillman is fond of the dress parade? He slipped into Portsmouth some hours ahead of the scheduled time and so avoided a parade with a brass band to attract attention and draw the crowd. But at the lecture hour the house was crowded to the full. No ordinary man is that fellow mortal of "pitch fork" notoriety.

We are glad to know that the McCue children will not be required to pay the costs of prosecuting their father to the death, but in case of millionaires charged with crime and whose cases consume the attention of courts for months at a time they should be required to pay for the luxury of elaborate defence and not the people.

What will become of the saloon keeper? Knoxville is a city of no mean population and it has gone "dry," Bristol the same, Bristol, Va., to follow suit, Covington and Clifton Forge in line. "N xt," "Police protection" will not protect much longer and "dry" will be the order o the day.

"Adverse legislation," says President Garrett, of the Seaboard Air Line, "has brought the railroads to the financial danger line," and he might add that adverse rulings on the part of the Courts have driven the people dang-rously to the retaliating line.

In the Federal District Court, for Chicago, the Standard Oil Company was recently convicted on 1,463 counts of an indictment and the fines may amount to $29,000,000, the minimum being a million and a half, a colossal force, and the trial lasts six weeks.

Even Atlantic City had a "dry" Sunday. We thought it was wet there every day in the year.

MONTOONA

is now standing at my farm three-quarters of a mile from Appomattox depot. I am attending to him myself this season and hope to give the people better service than they had last Spring. Montoona is not only a prize winner himself but has several colts that have won first prizes at Fairs and Horse Shows in all parts of the State. In breeding to Montoona you get a horse that has all the size you want for farm and they hook up and drive good, and most of them are good saddlers; taking as a whole they make an ideal farm horse, and when you go the market to sell them they have reputation enough to sell themselves, and will always bring from twenty-five to fifty dollars more than a ho se whose breeding is not known or that has none. I am not getting over half the money that the party from whom I got him charged, and there is not a horse in the State that has as good breeding that is standing for as small a sum. Any one wishing his pedigree can get it by dropping me a postal. I take pleasure in showing him to you at any time, as well as some of his colts. J. O. O'BRIEN,

Growing Girls

Growing girls need care, advice and medicine, especially on reaching the age of puberty. A mother's tender care and words of caution will often accomplish wonders. As for medicine, a gentle, safe and reliable strengthening tonic is Wine of Cardui,

It will prevent and relieve pain, regulate the functions, clear the complexion and strengthen the constitution.

It is a valuable medicine for growing girls. It has tided thousands over a critical period, and saved them from years of suffering. It can never do harm and is sure to do good.

A relief or cure for all female disorders in girls and women.

At every druggist's in $1.00 bottles. Try it.

WINE OF CARDUI

Why Some Tobacco Is Best

Is well and interestingly told in Virginia-Carolina Fertilizer free almanac by experts on tobacco farming. The free burning quality of tobacco are greatly impaired by using stable manure, all guano or "cheap" fertilizers. Insist upon your fertilizer dealer supplying you with high grade

Virginia-Carolina Fertilizers

for they contain no ingredients that will injure your soils like stable manure and guanos. Use from 500 to 800 lbs. of these fertilizers per acre, according to the strength of soil—and the growth of your tobocco will be hastened forward two or three weeks. Your yield per acre will be greater, and the quality better—larger leaves containing good body and excellent finish. Then you will obtain more money for your crop. Get one of our beautiful almanacs. It is free but worth $1.00 to any farmer.

A Mineral Water that Defies Drugs

NATURE'S GREAT BLOOD TONIC

The recent drug exposures in this Country have proven to all that deadly poisons and stimulants lurk in many Patent Medicines. You never know when you might be taking some of that class.

Nature has made ample provision for restoring vigor and vitality to humanity, and the public, as well as doctors, resort to Natural Remedies, when all others have failed.

Are you troubled with **Dyspepsia, Nervousness, Malaria, Kidney or Bladder Trouble, Chronic Diarrhoea or Dysentery,** and above all, that dreadful disease **Scrofula,** which has almost baffled human skill, or **Diseases peculiar to Females?**

Piedmont-Bedford Concentrated Iron & Alum Water

Is Nature's Remedy for Nature's Ills. Yes, when you consider that disease comes from impoverished or run down conditions of the system, this Natural Mineral Water furnishes the system what it needs.

The analysis of this Water, shown on the bottle, tells you what **Nature thinks you should take when sick,** and the doctor who reads it will agree.

Do you think the grouping together in this Water of 17 different minerals, which are recognized by medical writers as **most powerful blood tonics,** could have been accidental? Reason answers, NO!

An 18-oz bottle of Piedmont-Bedford Concentrated Iron and Alum water contains all the minerals of 25 gallons of the average natural water—Then **why buy a barrel of water when you can get a bottle of minerals at the trivial cost of one dollar.** The dose is a teaspoonful in a glass of your own spring water.

How this Water acts upon the system is not clearly known. It is judged mainly by its works. It has cured all the diseases numerated above, and many more, evidently through its action as a powerful **BLOOD TONIC.**

We have many valuable certificates, which we will be glad to mail, if you are interested.

THE TIMES.

WEDNESDAY, MAY 8, 1907.

Mrs. W. A. Agee has returned from a visit to Roanoke.

Miss Effie Rutledge spent several days in Lynchburg last week.

Mr. Bob Morris is giving his new residence the finishing touches.

Mrs M. L. Harvey, of Lynchburg, is visiting her brother, Mr. J. E. Atwood.

Messrs. H. C. and E. W. Kidd, of Roanoke, have been on a visit to their mother at Cut Banks.

Children's Day services will be held at Memorial church on next Sunday in this month.

Mr. R. Atwood is putting up a new portal porch to his residence and making other improvements.

Circuit Court convenes here Monday. There is a large criminal docket including one murder case.

Alexander Wooldridge is better, and is expected home soon. His brother, Mrs. Walter Wooldridge, came home Sunday.

There is some scarcity of tobacco plants in the county, but no one is willing to venture a prediction that the yield will not be fully up to the average.

The wet spring is retarding corn planting to some extent, and some poor farmers claim that tobacco plants will push them and cause a poor preparation both for corn and tobacco crop. Wise heads urge thorough preparation and don't plant until the ground gets warm enough.

The Confederate headquarters will be at Murphy's Hotel, and the bureau of Information will be on the bridge in Richmond during the season. Large comfortable rooms will be provided. Mrs. Stonewall Jackson will be at the headquarters to aid during the reunion to see the old Confederate friends. All will be welcomed. The headquarters will be in charge of Mrs. Thos. Snead and her committee.

The commencement exercises of the Union Academy, Spout Spring, Va., will be held at the Ac demy building, Friday, May 17th. The exercises will begin at 4 o'clock in the afternoon, which will be followed by the evening's program beginning at 8 o'clock promptly. Friends and patrons of the school are cordially invited to be present.

Mr. T. O. Sandy, of Burkeville, is in the village yesterday. Mr. Sandy was expected at Pamplin City yesterday, but in some way missed his appointment. He has experiments plot on the farm of Mr. C. E. Peterson of this place, and hopes to be able to get one started here during the year. Mr. Sandy is a practical man and our farmers will receive free lectures and demonstrative work from him.

County Superintendent Hannah was in the vicinity of Mt. Church ore yesterday a meeting in the interest of the new High School building at this place. A fair audience was present and speeches of encouragement were made by several. Mr. Eggleston was expected, but did not get here. Mr. Thomas, the Division Superintendent, was present and gave an instructive lecture on the following committee was appointed to solicit funds to start the work; aid from the state and county is expected to supplement this, which it is thought will enable the trustees to build a fine house for the. Soliciting committee: Messrs. Clarke, Ferguson and Atwood and Misdames Atwood, Shearer and Smith.

Mr. I. A. Williams died at his home near Westley Chapel Monday morning suddenly. He had been ill for some time, but was able to be up with the aid of crutches. He was in the 72nd year of his age, and had always been a resident of this county. He married a sister of Capt. Chapman Chilton, who survives him. There are no children. He is also survived by one sister, Mrs. W. H. Tanner, of Lynchburg. He deceased was a Confederate soldier, a prominent man in his community and was a member of the Baptist school board at the time of his death. His funeral took place from his late residence, conducted by his pastor, Rev. W. R. Murphy, and the interment was made in the family grave-yard at the home of Mr. Albert Harvey yesterday evening. A large crowd of friends and relatives gathered to pay a last tribute to the memory of a departed friend.

Mr. H. M. Sackett and wife, of Lynchburg, are in town to-day.

Mr. L. T. Seay has just finished painting the residence of Mr. I. E. Smith and i. looks cosy and pretty.

Messrs. Mathewson and Green, who are goverment experiment station managers, have returned from a trip to Florida, where they investigated the tobacco situation there. They are reported as being highly pleased with prospects and bright future of the cigar weed for that territory.

Cheatham—Chilton.

On Wednesday evening, May the 1st, at Salem Methodist Church was the scene of one of the prettiest weddings of the spring season, when Miss Jamima Cheatham became the bride of Mr. William Chapman Chilton; they are a well-known and popular couple of Appomattox county.

The church was beautifully decorated for the happy event, the color scheme, which was pink and white, was carried out to the fullest extent. The decoration was so built as to form a canopy under which the bridal party stood, which presented a beautiful picture to look upon. The bride and groom stood under an arch of evergreen strung with white bells and illuminated with pink and white candles.

As Mendelssohn's march was being rendered on the organ by Miss Mamye Dickerson, the bridal party entered the church as follows: First two little ribbon girls, Misses Viola and Lena Chilton, nieces of the groom, one dressed in all white, the other in pink and white; they took down the pink and white ribbons attached to pink and white horse-shoes for the bridal party to pass through. Next came the ushers, Messrs. Elliott Jones and Oscar Spencer. Then came the waiters: Miss Esther Coleman with Mr. Caleb Harvey, Miss Sallie Hunter with Mr. Pat Coleman, Jr., Miss Mary Lizzie Carson with Mr. Lloyd Lewis, Miss Champie Spencer with Mr. Norman Bates, Miss Mary Robertson with Mr. Sam Hunter, Miss Bessie Shearer with Mr. William Spencer, Miss Sophronia Simms with Mr. Jesse Dickerson, Miss Vara Howerton with Mr. George Elliott Cheatham, Miss Lena Morriss with Mr. John Rucker, Miss Mittie Dickerson with Mr. William Robertson, Miss Rissa Chilton with Mr. Marvin Jones, Miss Annie Jones, with Mr. Elliott Cheathym. Next came two ushers, sisters of the bride and groom; Miss Bessie Cheatham, sister of the bride, came directly in front of the bride and maid of honor, Miss Clarkie Cheatham, also a sister of the bride; and Miss Nena Chilton, sister of the groom came directly in front of the groom, and best man, Mr. Ornan Jones.

The ceremony was performed by the Rev. W. B. Jett. Messrs. Raleigh Chilton and Herbert Cheatham, brothers of the bride and groom, were masters of ceremonies.

The bride was attired in all white, dress, veil and gloves, and carried a shower boquet of bride's white roses with white ribbon. The maid of honor wore white over pink, and carried a boquet of pink and white carnations tied with pink ribbon; the bride's-maids all wore white with pink ribbon and half of them carried a boquet of pink carnations tied with ribbon, and the other half carried white carnations tied with pink ribbon; and the ushers all wore pink and white badges.

After many best wishes and hearty congratulations the happy pair drove to the station (Spout Spring) followed by all of the bridal party and other friends and relatives, where amid a shower of rice they boarded the east bound train for the Jamestown Exposition. The bride's going away dress was a light grey jumper suit touched with pink and white, with hat and gloves to match.

On the morning of the marriage all of the waiters and relatives were invited to the home of the bride, Mr. R. A. Cheatham, where an elegant dinner was given. The popularity of the bride and groom were noted by the many handsome and useful presents received.

New Store.

Notwithstanding the cold, wet spring our farmers are making rapid strides in their spring work. Some are already through planting corn. Every family in our vicinity is trying to raise turkeys and the all-important question among the ladies now is "How many little turkeys have you?" If all succeed turkey meat will not be very scarce next winter.

Mrs. Wiley Morris and Mrs. Wm. Horney, who have been visiting their father, Mr. C. D. Jones, leave today for their homes, via Jamestown Exposition.

Miss Calva Watson, having finished her school term, returned last Wednesday to her home near Jenning's Ordinary. There are many and hearts since her departure from our midst, for she endeared herself to us all.

Miss Grace Elean is home from her school. We are glad to have her home again.

Mrs. Tom Hall spent several days last week with her daughter, Mrs. C. S. Hoopr.

The mocking-bird sings all day and a part of the night so spring must really be here.

Evergreen.

There will be preaching here next Sunday by the Rev. Mr. Murphy.

Mr. Russel Cawthorn, who has been quite ill with measles, is much better.

Mr. Sam Thornton visited his sister, Mrs. B. F. Gunter, last Sunday.

Little Lucile Moses, who has been quite ill for the past week, is improving.

Mrs. Nett Mann, of Appomattox, was visiting relatives in and around the village last week.

Mr. Cawthorn Glover and wife leaves for Crewe to-day where they will make their future home.

We are sorry to note the continued illness of Mrs. W. T. Johnson.

Mr. Ribert Woldridge was in the village last week.

Miss Lucile and Master Hunter Walker, of Pamplin City, were the guests of Mrs. A. N. Harvey last week.

We are glad to note that Mrs. Laurence Brown is much better.

Wert.

There is great complaint in this section of the flies destroying tobacco plants, and it seems that all of the early plants are destroyed this way. A number of farmers have reseowed, but on account of the cold season the tobacco crop will be late and perhaps a little short too.

Only a small part of the corn crop has been planted. The cold wet weather has delayed all farm work.

The Sunday School of Concord Baptist Church in Buckingham county will observe Children's Day, the fourth Sunday in May, services to begin at 10:30 a. m. Rev. H. T. Allison will deliver an address and the children will recite some choice recitations. A number of songs will also be included in the program. Everybody is cordially invited to attend this service.

Mrs. R. D. Forbes and Mrs. C. E. Agee went to Appomattox last week shopping. We do not suppose they could spare any time to view the points of interest around town, or to even call on ye editor, as the summer hats were included in the purchases.

Mr. A. A. Morris, who has been ill for some time is still confined to his room.

Mr. C. B. Wingo, who was thrown from his horse at Evergreen several days ago and dislocated his shoulder, continues to suffer severe pain.

We are sorry to say that Mrs. W. N. Morris was quite indisposed the past week.

Rev. Mr. Barrell will preach at New Store Presbyterian Church each 1st Sunday afternoon at 3:30 during the summer. The morning service will continue as formerly, each third Sunday.
